

## TALKS ON FRONT PORCH

### Senator Harding Gets First Hand Information on Russia; Publisher Pleased

MARION, O., July 27.—Two more speaking dates for Senator Harding's front porch campaign were announced today and it was said that half a dozen others were being arranged for the near future.

The nominee's first front porch speech will be made next Saturday to a delegation from Mansfield, O. On Wednesday, August 4 and 5, the senator will address other Ohio delegations.

Among clubs that have asked for appointments but for whom no dates have yet been set include the New York Republican state league, a group of Detroit voters who supported Senator Hiram Johnson for the presidential nomination, and members of the Loyal Order of Moose.

The following wireless message was sent today by Senator Harding to the American athletes sailing from New York on the Princess Matilda to participate in the Olympic games at Antwerp:

#### WIRE TO ATHLETES

"To the company of American athletes sailing to participate in the Olympic games, I want to send a word of good-will and good wishes. You will uphold all the traditions of American sportsmanship. I want you to know that I am proud of you and that I am proud of the fact that you are representing your country in winning that you may come home with your full share of the honors of the great occasion, and an added distinction to our country."

#### TOLD ABOUT RUSSIA

MARION, O., July 26.—First-hand information on conditions in Russia and Poland was given Senator Harding today by C. H. DeRose, a New York fiscal expert who recently returned from Europe. They discussed the relation of this country to European rehabilitation.

In a statement, DeRose said he had taken the position that this country should go slowly in its foreign commitments and that he was well pleased with the attitude taken by the senator.

#### "I THINK SENATOR HARDING FULLY REALIZES THE IMMENSITY OF THE TASK THAT WILL CONFRONT HIS ADMINISTRATION," THE STATEMENT CONTINUED, "AND THAT HE IS ANXIOUS TO EQUIP HIMSELF WITH THE BEST POSSIBLE UNDERSTANDING OF THESE MATTERS."

#### GRAVE CRISIS SEEN

"The fact is that an extremely grave crisis confronts Europe. Russia has proved a good deal of a genius, and he is a man of great vision. I regard it as the greatest military force in the world today. This is a good time for America to give particular attention to the situation in Russia and as little as possible to the concerns of other nations."

Senator Harding had no other extended comments but he did say that he was of the opinion that the coming of the war had been a great blessing to the world, and that he was of the opinion that the coming of the war had been a great blessing to the world, and that he was of the opinion that the coming of the war had been a great blessing to the world.

## OPPOSE DAMAGES FOR WIRE ERROR

### Interstate Commerce Commission Has a Plan to Penalize Mistakes and Delays

NEW YORK, July 27.—The proposed plan of the Interstate Commerce commission to penalize for errors and delays in telegraph messages would "continue the discrimination practiced by the Western Union Telegraph company against small individual users of its lines," John L. Farrell, representing the Postal Telegraph company told Examiner M. A. Patterson of the commission at a hearing today on the methods of adjusting such claims.

The commission has proposed a liability of \$50 for incorrect transmission or delayed delivery of messages and \$150 in the case of repeated messages.

At present its order prohibits damages on interstate messages in excess of toll paid.

The Western Union, Mr. Farrell said, has admitted paying damages to large customers and the liabilities proposed would "merely cloak" this alleged discrimination practice with authority.

All parties represented were given until September 6 to file briefs with the commission.

## FIRE CHIEFS IN ROW, ONE QUILTS

### Irish Question Interjected in Convention of Blaze Fighters in Toronto

TORONTO, Ont., July 26.—Chief John Kenlon, of the navy fire department, resigned as president of the International Association of Fire Engineers at the annual convention today as a result of a difference of opinion between him and Chief Russell of the Toronto fire department over selection of a cleric to deliver the opening prayer.

Chief Kenlon, as president of the association had invited Archbishop McNeil of the Roman Catholic diocese of Toronto, to officiate, but Chief Russell as head of the local reception committee had asked Rev. H. J. Cody, of the Anglican church of this city. Shortly after Chief Kenlon's arrival Sunday, the question of a cleric was taken up by the executive committee which decided in favor of Chief Russell's choice. Chief Kenlon's resignation was not accepted until he had abandoned the gathering and a standing vote had been taken. The vote was 131 for acceptance of the resignation and 105 against.

Chief Kenlon stated later that he intends to remain at the convention throughout the week and to continue to give his services to the association. Chief Kenlon said that the question was solely and absolutely an Irish question.

"I am an American citizen," he added, "and while I sympathize with Ireland in her struggle for a better form of government, I have no desire while on British soil, to inject the question into the affairs of the association."

The association, after accepting Chief Kenlon's resignation, extended him a vote of thanks for his services as president.

## THIN, NERVOUS PEOPLE Need Bitro-Phosphate

Weak, thin people—men or women, are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often very astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness, nervousness, sleeplessness, loss of appetite, and all the other symptoms of nerve starvation disappear. Bitro-Phosphate promotes the assimilation of food, so that many people gain weight and strength in a few weeks. Those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.—Advertisement.
